

FETCO®

We are often asked how we continue to be **Driven To Pioneer Innovation™**

We think *inside* the cup. We think *inside* the bean.

At **FETCO®**, we are passionate about coffee and it shows.

Introducing the **ECO EXTRACTOR®** Series Brewers with **The Cascading Spray Dome System**

The Cascading Spray Dome (CSD) is held in place by a strong magnet so it's easy to remove for cleaning, easy to place back into position.

ECO mode:
Automatically reduces tank temperature by 30°F after 1 hour idle time to save energy.

CBS-2032ee **ECO EXTRACTOR®** Brewer with two
1.0 gallon L3S-10 **LUXUS®** dispensers.

FETCO® Industry-First Technology

gravity dispense tube, off-heat thermal technology, true separation of brew time & brew volume, patented pulse-brew technology, IP44 MARITIME certified equipment, cascading spray dome system
