

EXTRACTOR™ SERIES

Single 3.0 Gallon
Tea Brewing System ▶ **TBS-21A**

Exceptional Tea Deserves Exceptional Brewing

INTRODUCTION

The best glasses of iced tea have optimal steep times. The TBS-21A utilizes **FETCO's** patented **intermittent spray feature** to control the amount of time the water stays in contact with the tea leaves. Dilution either at the end of the brew cycle (with or without a delay) or during the brew cycle (in between sprays) **allows for total control** over the finished product.

FEATURES

With **effortless external calibration** one can program up to 2 independent batches. These batches can be programmed for **different volume sizes** (1.0 to 3.0 gallons) or designed to brew **different types of teas**. It is now possible to design **different recipes** (whether it be for green, black, chai, etc.) to achieve the perfect glass of iced tea, by controlling the variables of extraction independently.

1 Intermittent Spray Feature

2 Effortless External Calibration of Recipe

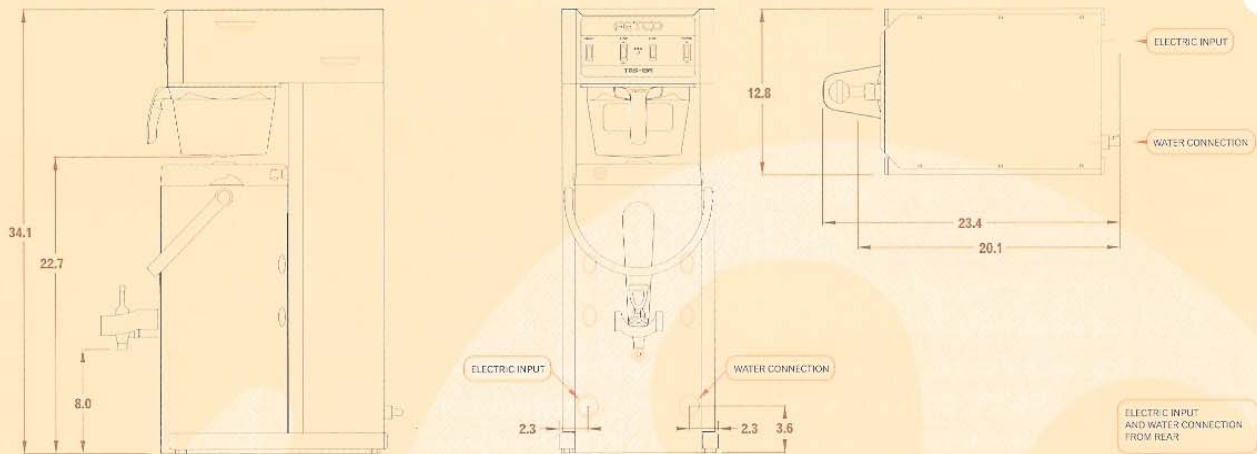

3 Removable Liner for Ease of Cleaning

SPECIFICATIONS

Standard Electrical and Plumbing Configurations / Brewing Efficiency

| Electrical Configuration Code | Heater Configuration | Voltage (AC) | Phase | Wires | KW | Maximum Amp Draw |
|-------------------------------|----------------------|------------------------|--|-----------------|------------|------------------|
| E21016 | 1 x 2.1 KW | 120 | single | 2+ground | 2.2 | 18.0 |
| Water Pressure (psig) | Flow Rate (gpm) | Water Inlet | Batches Per Hour (Based on Factory Settings) | | | |
| 20-75 | 1.5 | 3.8" Male Flare | 6.0 | | | |

Dimensions

| Height in/mm | Width in/mm | Depth in/mm | Empty Brewer lbs/kg | Full Brewer lbs/kg | Empty Disp. lbs/kg | Shipping Weight lbs/kg | Shipping Capacity cti/dm |
|--------------------|---|--------------------|---------------------|--------------------|--------------------|------------------------|--------------------------|
| 34" / 850mm | 12³/₄" (320mm) | 20" (500mm) | 37 / 16.8 | 49 / 22.2 | 12 / 5.4 | 76 / 34.5 | 7.3 / 206.7 |

FEATURES

BREWER (TBS-21A)

STANDARD

- ▶ Fully Automatic Brew and Dilution
- ▶ Brews into Portable Iced Tea Server
- ▶ Intermittent Spray Iced-Tea Brewer for Best Flavor Extraction
- ▶ All Stainless Steel Brewer Body Construction
- ▶ Stainless Steel 15"x5" Brew Basket

OPTIONS

- Z004** ▶ Custom Color Finish
- Z005** ▶ Color Coded Faucet Handle

DISPENSERS

- D031** ▶ 3.0 Gallon Iced-Tea Dispenser

DISPENSER (ITD-30)

STANDARD

- ▶ Removable Liner for Cleaning
- ▶ Dishwasher Safe Liner
- ▶ Faucet Guard
- ▶ Front and Rear Sight Panels

ACCESSORIES

- A015** ▶ Round Drip Tray
- A039** ▶ In-Line Water Filter With Cartridge
- A070** ▶ 3.0 Gallon Iced-Tea Dispenser Liner
- A075** ▶ Replacement Water Filter Cartridge
- A081** ▶ 13"x5" Iced-Tea Brew Basket
- FILTERS**
- F001** ▶ 15"x5" Paper Filters (500 per case)
- F002** ▶ 13"x5" Paper Filters (500 per case)
